How to file a repeat

Copy this packet whenever you do an activity again, including years later. Write the ID (001–108 or S01–S06), the title, the date, and the attempt number on every sheet. Attempt 1 is the first sitting. Keep the old sheets. File by date, and keep a second stack by ID if you want to find one activity's whole history. A blank page is a real record.
